

Innovation award 2005 /6

„WIR“ awarded Zoller+Fröhlich GmbH for its innovation

In 2005, „WIR“ (Wirtschafts- und Innovationsfoerdergesellschaft Landkreis Ravensburg mbH - an institution of the administrative district Ravensburg that encourages the economy in the Ravensburg area and promotes innovations) and the bank „Kreissparkasse Ravensburg“ awarded the innovation award for the third time.

All in all, they received 35 applications of companies, which took part in the competition with their innovative products, procedures and services.

WIR awarded three prizes and also five awards.

WIR awarded Zoller+Fröhlich GmbH for its „Special-Stripper-Crimper“ to manufacture crimping connections for electrical precision-connectors which are used in the aircraft industry.

The ceremony for the innovation award took place at the premises of the Kreissparkasse Ravensburg on May 3, 2006.
